

1. Create a simple Google Form to collect leads for a new food delivery app — include fields for name, email, phone number, and favorite cuisine, then share the form link and submit one test entry.

Answer: Lead Generation Google Form

Form Title: 🍔 FoodieGo – Get Early Access!

Form Description:

“Sign up to receive exclusive offers, launch updates, and special discounts from FoodieGo.”

Form Fields

1. **Name:** _____
2. **Email Address:** _____
3. **Phone Number:** _____
4. **Favorite Cuisine:**
 - ☐ 🍕 Italian
 - ☐ 🍔 Fast Food
 - ☐ 🍛 Indian
 - ☐ 🍜 Chinese
 - ☐ 🥗 Other

Test Entry

- **Name:** Rahul Sharma
- **Email:** rahul@example.com
- **Phone:** 9876543210
- **Favorite Cuisine:** Indian

Note: I can't create or submit a Google Form inside your Google account from this chat. You can create it at [Google Forms](https://forms.google.com), add the fields above, submit the test response yourself, and copy the **Send** → **Link** URL for your assignment.

2. Design a landing page mockup (using Canva or Figma) for a Zomato-style offer, highlighting a special deal and a clear call-to-action button for users to sign up with their email.

Answer: Landing Page Mockup

Delicious Food. Amazing Deals. Delivered Fast.

 **GET 50% OFF YOUR FIRST ORDER!**

Sign up today and get an exclusive discount on your first food delivery order.

Special Offer:

 **50% OFF**

Limited-time launch offer

Enter Your Email

[Your email address]

[GET MY 50% OFF]

Why You'll Love FoodieGo:

-  Wide variety of restaurants
-  Fast delivery
-  Exclusive discounts
-  Easy online ordering

Suggested Design

Use a bright food-themed background with attractive pictures of pizza, burgers, and other dishes. Keep the **50% OFF** offer large and place the “**GET MY 50% OFF**” button prominently so visitors immediately know what action to take.

3. List 3 different lead magnets you could use to attract users for a music streaming app like Spotify (for example: free trial, exclusive playlist, discount coupon), and explain in one line how each would collect user info.

Lead Magnet	How It Collects User Information
1. Free Premium Trial 🎧	Ask users to register with their name and email address to receive a limited free trial.
2. Exclusive Playlist 🎵	Users provide their email address to unlock a special playlist created by popular artists or influencers.
3. Discount Coupon 🎁	Users enter their email or phone number to receive a discount coupon for a premium subscription.

4. Write a short WhatsApp message template you could use to follow up with a lead who filled out your form for a cricket IPL fantasy league app — include a greeting, mention the app, and a call to action.

Answer: WhatsApp Follow-Up Message

Hello [Name]! 🖐️

Thanks for showing interest in **FantasyCricket!** 🏏️

The IPL season is here, and you can create your own fantasy team, compete with friends, and enjoy the excitement of every match.

5. Use ChatGPT or any AI writing tool to generate 5 catchy headlines for a Flipkart-style landing page aimed at collecting leads for a new electronics sale.

Answer: 5 Catchy Headlines

1. 🔥 **Be the First to Know: The Biggest Electronics Sale Is Coming!**
2. 📱 **Get Early Access to Amazing Deals on Electronics!**
3. ⚡ **Smart Deals. Big Savings. Sign Up for Early Access!**
4. 🎧 **Your Favourite Electronics at Unbelievable Prices — Coming Soon!**
5. 🛒 **Don't Miss the Mega Electronics Sale — Register Now for Exclusive Offers!**

Suggested CTA

“Get Early Access” → Collect the user's **name and email address** through the landing-page form.

Topic Repository URL

If your teacher has provided a specific **Topic Repository URL**, paste it here or share the URL with me, and I can format the answers according to the topics/resources in it.
